

John M.W. Moorlach, CPA, CFP Treasurer - Tax Collector of Orange County 12 Civic Center Plaza, Room G-76 P.O. Box 4515 Santa Ana, CA 92702 August 15, 2001

Dear Mr. Moorlach,

We have completed our analysis on the compliance reporting for Orange County's Commingled Pool (692 & 699) and Educational Pool (694) for the first quarter, April 1, 2001 through June 29, 2001.

Based upon Fitch's conducting of the agreed upon procedures, this compliance letter shall serve as an indication of Orange County's portfolio holdings' substantial conformity with its investment policy statement and California Government Code Section 53601, Section 53635, and all other relevant Government Code provisions with regard to the Commingled, Educational and Extended pools at March 30, 2001.

Fitch conducted its compliance review in accordance with a series of agreed upon procedures which required that we review, on a test basis, evidence of the portfolio holdings, perform certain mathematical calculations, and review the results with respect to Orange County's investment policy statement. In conducting this review Fitch examined the portfolio holdings on the following dates: April 13, May 4, June 8, and June 29, 2001. The scope of Fitch's review was limited to the agreed upon procedures.

With regard to the agreed upon procedures, Fitch identified the following exceptions and is of the opinion that, in all other regards, the Orange County Commingled and Educational pool portfolio holdings are in compliance with the County's investment policy statement and California Government Code Section 53601, Section 53635, and all other relevant Government Code provisions as of the sampled dates.

In addition, Fitch reviews the noncompliance report in the Orange County Treasurer's Management Report on a monthly basis, to determine the materiality of certain Investment Policy Statement guideline violations, if any.

Although certain Investment Policy Statement guidelines were temporarily exceeded, Fitch finds no material impact of a negative nature to the Orange County Commingled and Educational Pools for the quarter ended June 29, 2001.

Fitch has relied, without independent verification, upon documents delivered to us by Orange County, and/or Orange County's custodial bank. Fitch relied solely on the County, its staff, and custodial bank as to the accuracy of such information.

Portfolio Compliance Monitoring Agreed Upon Procedures

Fitch will provide an ongoing quarterly compliance report of the Orange County's investment portfolio based on the following agreed upon procedures. The scope of the work to be performed will be limited to these agreed upon procedures and the procedures will be included as an appendix to all compliance reports issued by Fitch.

Fitch will evaluate the County's Commingled, Extended, and Educational pools as of the last day of each quarter in order to determine whether the County's pools are in compliance as of that date with the following guidelines. These guidelines were updated on December 2000 in accordance with the provisions in the Orange County Treasurer Investment Policy Statement (the IPS) effective July 2000. As per the IPS and at the request of the Orange County Treasurer's office (Orange County), the Commingled and Extended pools will be evaluated by Fitch as a single entity for compliance purposes, except for in the evaluation of weighted average maturity and net asset value. The monitoring for the Educational pool will not change. Additionally, in performing the compliance review, Fitch recognizes that Orange County makes the distinction between "noncompliance incidents" and "technical incidents". As per the IPS, as long as the percentage constraints are adhered to at the time of purchase, later changes in percentage due to a change in value or assets will not result in a violation, or noncompliance incident. The same applies to a change in credit rating subsequent to purchase. The above mentioned will be considered a "technical incident". If a percentage or credit rating is out of compliance at the time of purchase, it will be booked as a "noncompliance incident", or "violation".

At the request of Orange County, only noncompliance incidents will be reported in detail in the quarterly monitoring letter provided to the County by Fitch. Technical incidents will be noted by Fitch, but not described in detail.

A) Maturity

- 1) For both the Commingled and Educational pools, no individual security has a final maturity date greater than 13 months. For the Extended pool, no individual security has a final maturity date greater than three years.
- 2) The weighted average maturity (WAM) of both the Commingled and Educational pool is less than 90 days. The weighted average maturity (WAM) of the Extended pool is limited to 18 months or less.
- 3) No commercial paper has a final maturity of greater than 270 days.
- 4) No Bankers' Acceptance has a final maturity of greater than 180 days.
- 5) No receivable-backed security greater than 90 days maturity.

Fitch will rely on the final maturity dates provided by Orange County when performing the calculations. Fitch will not independently verify the accuracy of such information.

B) Credit Risk

Commercial Paper at least F1, A-1, or P-1
Negotiable Certificates at least F1, A-1, or P-1
Bankers' Acceptances at least F1, A-1, or P-1
Receivable-Backed Securities at least AA
Medium Term Notes at least A
State and Local Agency at least A

- C) Collateral Counterparty Risk All counterparties to repurchase agreements are rated at least F1 / A-1.
- D) Net Asset Value (NAV) Maintained within a range of 99.5 1.005 for both the Commingled and Educational pools. As per the IPS and as described to Fitch by Orange County, only the Commingled and Educational pools have specific NAV requirements. Fitch will rely on the NAV provided from Orange County or the custodial bank.
- E) Diversification Guidelines Maximum percentage concentration of the portfolio at the time of purchase

U.S. Treasury	100%
U.S. Government Agencies	100%
Commercial Paper (CP)	40%
Certificates of Deposit	30%
Repurchase Agreements	50%
Bankers' Acceptances	40%
Money Market Funds	20%
Receivable Backed Securities	10%
Medium Term Notes	30%
State and Local Agency	10%

At the time of purchase, no more than 5% of the total market value may be invested in securities of one issuer with the exception that up to 10% of the total market value may be invested in the shares of one money market fund and up to 100% of the total market value may be invested in obligations of the U.S. government, U.S. government agencies, or U.S. government sponsored enterprises.

Fitch will rely on the security types and issuers provide by Orange County when performing these calculations. Fitch will not independently verify the accuracy of such information and will not "look-through" to the underlying assets of any money market fund held.

F) All investments are U.S. dollar denominated.

Fitch does not intend to verify the type or level of over-collateralization associated with the pools' repurchase agreements and/or its time deposits exceeding \$100,000.

Additionally, Fitch will employ a random sample of not less than 3 observations from among the daily data received from Orange County to determine whether the County's pools were in compliance as of the sampled dates with regard to the aforementioned guidelines.

Fitch, in its normal course of monitoring a rated portfolio's assets, performs additional surveillance tests based on Fitch's published ratings guidelines. Fitch intends to continue to perform this surveillance function, however, Fitch does not plan to broaden the scope of these agreed upon procedures to include additional procedures used in the surveillance process.
