### **Dana Point Harbor Underwater Cleanup Event**

OC Dana Point Harbor will be hosting an Underwater Cleanup Event on Saturday May 2, 2009 from 8:00am to 2:00pm. The event will feature certified divers retrieving debris from the Harbor bottom, specifically around and under East Basin docks. Prizes will be awarded for the most unusual finds recovered by registered divers participating in the event.

Through the removal of possible navigational hazards and underwater debris, this first-ever volunteer effort is a preventative measure to properly dispose of items that may be degrading water quality in the Harbor. The event is expected to continue as an annual occurrence.

“This inaugural Underwater Cleanup Event is an important effort to improve water quality and is evident of OC Dana Point Harbor’s long-standing commitment to enhancing the Harbor while maintaining environmental integrity,” stated Director Brad Gross.
