John Wayne Airport Business Plan

Airport Director Alan L. Murphy

DATE:

February 27, 2012

TO:

Tom Mauk, County Executive Officer

FROM:

Alan Murphy, Airport Director, John Wayne Airport

SUBJECT:

Transmittal of 2012 Business Plan Update

Per your request, I am providing John Wayne Airport's 2012 Business Plan Update.

Safety, security and customer service continue to be priorities for, and the hallmark of, John Wayne Airport (JWA). In a successful partnership with both federal security and local law enforcement officials, the Airport remains committed to providing safe and secure facilities for commercial and general aviation operations. The Thomas F. Riley Terminal, including the newly-completed Terminal C, continues to provide travelers with an attractive and efficient airport experience.

While the Airport is optimistic that the Strategic Goals and Key Performance Measures presented in this 2012 Business Plan Update are achievable, a number of significant challenges are anticipated:

- JWA continues to work closely with the TSA, FAA, and Airport Police Services to ensure the smooth implementation of federally mandated security regulations and to provide for the safety of travelers in and around JWA.
- In the coming fiscal year, JWA must ensure and protect the health and diversity of its revenue stream and carefully implement its financial plan to support the Airport Improvement Program.
- JWA is increasingly focused on retaining and attracting air service to destinations that best serve Orange County. In 2011, new service was announced to Cabo San Lucas, Calgary, Mammoth Lakes, Mexico City and Vancouver. We will continue to work with existing carriers and new entrant carriers, to ensure access to important business and leisure markets.

The following Strategic Goals will guide JWA in the coming Fiscal Year:

- Maintain a safe and secure environment for aviation and the traveling public.
- Provide a positive aviation experience to travelers and tenants.
- Operate in an environmentally responsible manner.
- Operate as a financially efficient and self-supporting aviation facility.
- Maintain an Airport contingency budget of \$50 million.
- Continue to implement the Airport Improvement Program.

JWA is committed to accomplishing its Mission and Goals in the coming fiscal year and is looking forward to providing Orange County with safe, secure and efficient aviation services and facilities.

JOHN WAYNE AIRPORT 2012 Business Plan Update

STRATEGIC GOAL #1:

Maintain a safe and secure environment for aviation and the traveling public.

KEY PERFORMANCE MEASURE #1:

FAA Annual Part 139 Airport Certification inspection.

What: Each year, the FAA conducts a comprehensive inspection to ensure that the Airport is being operated in a

safe manner.

Why: Failure to pass the Part 139 inspection could result in decertification as an air carrier airport and

subsequent closure.

FY 10-11 Results	FY 11-12 Plan	FY 11-12 Anticipated Results	FY 12-13 Plan	How are we doing?
Pass with no correctable items	Pass with no correctable items	Pass with no correctable items	Pass with no correctable items	JWA is taking all steps necessary to continue to achieve a full pass with no correctable items.

STRATEGIC GOAL #2:

Provide a positive aviation experience to travelers and tenants.

Key Performance Measure #2:

Passenger Survey Results.

What: John Wayne Airport regularly surveys both Airport tenants and passengers to learn their views of the

Airport facilities and services. In FY 2012-13, JWA will conduct the Passenger Survey.

Why: Direct input from those served by the Airport helps to identify and prioritize facility and service improvements

that passengers and tenants desire.

FY 10-11 Results	FY 11-12 Plan	FY 11-12 Anticipated Results	FY 12-13 Plan	How are we doing?
N/A	90% of respondents in Passenger Survey rate JWA "Excellent" or "Good" overall	At least 90% of respondents in Passenger Survey rate JWA "Excellent" or "Good" overall	85% of respondents in Tenant Survey rate JWA "Excellent" or "Good" overall	The 2011 Passenger Survey is complete. 95% of Telephone and 93% of Intercept respondents in Passenger Survey rated JWA "Excellent" or "Good" overall

STRATEGIC GOAL #3:

Operate in an environmentally responsible manner.

KEY PERFORMANCE MEASURE #3:

Required environmental permits.

What: John Wayne Airport is subject to a number of local, regional, state, and federal environmental regulations—many of which require permits on the part of the Airport itself and/or its tenants.

Why: Compliance with all applicable regulations helps to ensure that the airport is operating in an environmentally sensitive and appropriate manner.

FY 10-11 Results	FY 11-12 Plan	FY 11-12 Anticipated Results	FY 12-13 Plan	How are we doing?
100% of all required environmental	100% of all required environmental	100% of all required environmental	100% of all required environmental	The Airport anticipates that 100% of all required environmental permits will
permits in place	permits in place	permits in place	permits in place	be in place.

STRATEGIC GOAL #4:

Operate as a financially efficient and self-supporting aviation facility.

KEY PERFORMANCE MEASURE #4A:

Maintain a debt service covenant of at least 175%.

What: John Wayne Airport's bond indenture imposes a rate covenant on the County to produce Airport net revenues in each fiscal year which are equal to at least 125% of the long term debt service requirement for each fiscal year.

Why: Maintaining the debt service covenant at this level or higher demonstrates both prudent fiscal management and the ability to repay bonded debt, both of which are critical to JWA's ability to fund future projects.

FY 10-11 Results	FY 11-12 Plan	FY 11-12 Anticipated Results	FY 12-13 Plan	How are we doing?
639%	175%	394%	175%	The airport expects to continue to exceed the 175% debt service goal for FY 2011-12. FY 10-11 and FY 11-12 debt service covenant percentages reflect capitalized interest.

KEY PERFORMANCE MEASURE #4B:

Performance Measure: Maintain an Airport contingency budget of \$50 million.

What: A contingency budget is established to fund capital improvements and unforeseen operating emergencies/events. Why: Contingency budgets are a key component of fiscal management. These unrestricted funds act as a cushion to absorbed costs for unknown future events.

FY 10-11 Results	FY 11-12 Plan	FY 11-12 Anticipated Results	FY 12-13 Plan	How are we doing?
The Airport	Maintain a	The Airport	Maintain a	The Airport anticipates

\$50 million.	million.	million	million.	
		contingency		
		budget for		
		FY 2011-12.		

STRATEGIC GOAL #5:

Continue to implement the Airport Improvement Program.

KEY PERFORMANCE MEASURE #5:

Airport Improvement Program Schedule.

What: The Airport has initiated a multi-year Airport Improvement Program that will result in the construction of substantial new facilities to provide improved air service in Orange County.

Why: The Thomas F. Riley Terminal complex has operated substantially over its design capacity and is expected to be unable to support passenger levels authorized by the Settlement Agreement. The Airport Improvement Program will add terminal and parking facilities needed to serve the traveling public.

FY 10-11 Results Opened Terminal C and Parking Structure C on- schedule	FY 11-12 Plan Terminals A and B parity improvements: • Ticket Counters • Concessions • Concourse • In-line baggage handling	FY 11-12 Anticipated Results Complete Improvements	FY 12-13 Plan Airport Maintenance Building design and construction	How are we doing? The Airport opened Terminal C and Parking Structure C on-schedule and is proceeding to implement additional elements of the Airport Improvement Program.
