

CONSTRUCTION ALERT

TED CRAIG REGIONAL PARK
CULVERT & SIDEWALK REPLACEMENT

i WHAT

This project is located at the northwest end of the lake at Ted Craig Regional Park. The current corrugated metal pipe (CMP) culverts have deteriorated beyond repair and the sidewalk is now undermined and, in some areas, has detached from the structure.

This project is to demo the sidewalk over the culverts, demo what is left of the CMP, remove riprap and replace with precast or cast in place concrete box with two new 18-inch diameter corrugated metal pipes over a marine mattress, riprap reinforcement, and replacement of concrete sidewalk.

📅 WHEN

Anticipated Construction Duration:
July 2022 through September 2022

Working Days/Hours:
Monday – Friday, 8:00am to 5:00pm
